The system will validate whether the information entered is correct. You will then be taken to a page set a username and password. The system will suggest a username (first initial of first name and last name), but can be changed. It will ask you to enter and confirm a password of choice. Depending on your website settings configured by the club, there may be a specific password complexity that must be met. In the event the password is forgotten, please enter in an email address the 'Reset Password' link can be sent to.

**Hint:** If you hold your cursor over the question marks additional instructions appear.

Once all fields are filled out, click on 'Create User' to complete the registration process. You will then receive a confirmation message and the Login button will be available to access the member's portion of the website.

### **Member Registration – Confirmation Page**

**User xxx has been created and registered successfully. Email has been sent to the following email address:** xxx@xxx.xxx.

### **Logging into your Club Website**

Navigate to your club's login page by clicking on this '[Member Login](#)' link, or on the link usually located in the top right-hand corner of page.

Enter the username and password you've created in the registration process. When finished, click on 'Log On'.

### **Logging off your Club Website**

It is strongly recommended to logout of the website when you are finished. Once logged into the website, the 'Member Login' button will change to 'Logout'. This button will end your session and return you back to the Website Home page.

### **Forgotten Password**

Click on the '**Forgot Password**' link within the Member Login area. From there, you will be required to fill in the email address entered during registration and click 'Reset Password'. An email will be sent with a link to reset your password.
